

ASOBU RECYCLED CANYON- ECO TMF7

Product Description:

Stay hydrated with our new ASOBU Canyon Eco-TMF7 - made from 91% recycled stainless steel! With a large 50 oz capacity, it's perfect for keeping you refreshed all day long. Despite its size, the ASOBU Canyon is a breeze to carry, thanks to its comfortable, soft grip handle. Plus, drinking is hassle-free with the built-in pop-up straw?no need to tilt or turn it upside down.

A silicone rubber non-slip base keeps the bottle from sliding (and from making a racket when you put it down) . It is vacuum insulated, and keeps drinks hot or cold for hours. With the ASOBU Canyon, we've thought of every possible feature to make hydration better!

This product is BPA and Lead free.
